音节划分规则

1. 音节的概念: 音节是单词发音的基本单位, 由一个或几个音素组成, 其中必须包含一个元音音素。如 cat /kæt/ 一个音节, apple /'æpl/ 两个音节, banana /bə'nɑ:nə/ 三个音节。

2. 音节划分基本原则:

- (1) 两个元音之间有一个辅音, 该辅音归后一个音节: student → stu-dent
- (2) 两个元音之间有两个辅音, 各归一个音节: window → win-dow
- (3) 三个或以上辅音在一起, 根据发音划分: important → im-por-tant

3. 单音节词: 只包含一个音节的单词, 如 cat, dog, book, pen 等。单音节词本身重读, 无需标注重音符号。

4. 多音节词: 包含两个或以上音节的单词, 如 today (两个音节), banana (三个音节), important (三个音节) 等。多音节词需要标注重音符号。

重音规则

1. 双音节词重音规则:

- (1) 大多数双音节名词重音在第一个音节: 'student, 'window, 'picture
- (2) 大多数双音节动词重音在第二个音节: re'peat, for'get, be'gin
- (3) 以 a-, be-, de-, re-, pre- 等开头的词重音在第二个音节: a'bout, be'fore, de'cide

2. 三音节词重音规则:

- (1) 大多数三音节词重音在第一个音节: 'family, 'difficult, 'interesting
- (2) 以 -tion, -sion 结尾的词重音在倒数第二个音节: im'portant, de'cision, edu'cation

3. 句子重音: 句子中需要强调的词重读, 通常是实词 (名词、动词、形容词、副词), 虚词 (冠词、介词、连词、代词) 通常不重读。如 I 'want to 'buy a 'new 'dress. (我想买一条新连衣裙。)

核心语法

1. 形容词的比较级(taller, smarter, more active, quieter):本单元重点掌握形容词比较级的基础用法,用于两者之间的对比。规则变化包括:(1)单音节词末尾加-er(如 tall-taller);(2)以不发音 e 结尾加-r(如 nice-nicer);(3)重读闭音节双写末尾字母加-er(如 big-bigger, hot-hotter, thin-thinner);(4)多音节词及部分双音节词前加 more(如 active-more active, beautiful-more beautiful)。不规则变化需特殊记忆(如 good-better, bad-worse)。例句:Tom is taller than Lily. (汤姆比莉莉高。)
She is more active than her brother. (她比她弟弟更积极。)
2. 常用介词 in/on/at 在校园场景中的用法(in the classroom, on the desk, at 8 o'clock):in 用于表示在较大的空间内部(如 in the classroom 在教室里、in the library 在图书馆);on 用于表示在物体表面(如 on the desk 在书桌上、on the blackboard 在黑板上);at 用于表示具体时间点或较小的地点(如 at 8 o'clock 在八点、at the school gate 在学校门口)。注意区分三者的适用场景,避免混淆。
3. 祈使句的肯定与否定形式(Open your books. Don't be noisy.):祈使句用于表达命令、请求、建议等语气,主语通常省略,以动词原形开头。肯定形式直接用动词原形开头(如 Open your books. 打开你的书。Stand up. 站起来。);否定形式有两种:(1)Don't + 动词原形(如 Don't be noisy. 不要吵闹。Don't run in the classroom. 不要在教室里跑。);(2)No + 动名词(如 No running. 禁止奔跑。No smoking. 禁止吸烟。No parking. 禁止停车。)。在校园场景中,祈使句常用于老师对学生的指令或同学间的提醒,以及公共场所的警示标识。

情景对话(运用本单元单词)

A: Good morning, Lily! Did you bring your new notebook and pen today? We have an English lesson first, and the teacher said we need to take notes in class.
B: Yes, I put them in my schoolbag carefully. Look, I also have a new ruler and eraser—my mom bought them from the stationery shop near our school yesterday. They are very cute.
A: They are so nice! Our English teacher asked us to prepare for a project about school life yesterday. We need to discuss the details of the project with our classmates after class. Do you have any ideas?
B: Great! I want to talk about the library in our school—it's so quiet there, and I can read many interesting storybooks and picture books every afternoon. I think it's the best place in our school. The library is cleaned every day by the school staff, so it's always very tidy.
A: That's a good idea! I prefer the playground because it's very lively. We can run, play football and skip rope there after lessons, which makes us relaxed after a long time of study.
B: Me too! Playing on the playground is really fun. But we must study hard first. You are so active in English class, and you're really helpful to others—you always help classmates with their English problems.
A: Thank you! That's what I should do. Let's go to the classroom now. The teacher is coming. Remember, don't be noisy in class, or we will disturb others.
B: OK! I got it. Let's go quickly.

2. 对话填空:补全上面的情景对话,强化核心单词记忆与运用。练习目的:通过语境填空,加深对核心单词含义和用法的理解,提升在实际交际场景中运用单词的能力。填空前可先通读完整对话,理解上下文语境,再根据所缺含义选择合适的单词。
3. 造句练习:用 quiet, active, helpful, study, read 分别造一个关于校园生活的句子。练习目的:锻炼单词的灵活运用能力,将单词与具体校园场景结合,提升造句的合理性和准确性。造句时注意句子结构完整,语法正确,符合校园生活实际。

核心语法

1. 一般现在时 (第三人称单数动词变化, ★★★小学必考): 一般现在时用于表示经常性、习惯性的动作或状态, 以及客观事实。当主语是第三人称单数 (如 he, she, it, Tom, my father 等) 时, 谓语动词需要发生变化。

【三单变化规则】

(1) 一般情况下加-s:

- collect → collects (收集)
- play → plays (玩)
- cook → cooks (烹饪)
- watch → watches (观看)

(2) 以 s, x, ch, sh, o 结尾加-es (★★★易错点):

☑ 正确: watch → watches, go → goes, do → does, wash → washes, fix → fixes

✗ 错误: watchs, gos, dos

例句: She watches TV every evening. (她每天晚上看电视。)

He goes to school by bike. (他骑自行车上学。)

(3) 以辅音字母+y 结尾, 变 y 为 i 加-es (★★★易错点):

☑ 正确: study → studies (学习), fly → flies (飞), carry → carries (携带)

✗ 错误: studys, flys

例句: He studies English every day. (他每天学习英语。)

The bird flies high in the sky. (鸟在天空高高飞翔。)

(4) 不规则变化需特殊记忆:

- have → has (有)
- do → does (做)

例句: She has a beautiful dress. (她有一条漂亮的连衣裙。)

He does his homework every day. (他每天做作业。)

⚠ 特别提醒: 第三人称单数变化是小学英语最高频易错点! 考试必考!

2. 句型 My hobby is... / I like doing... / I enjoy doing...: 这三个句型均用于表达个人爱好。My hobby is... 后接名词或名词短语, 直接说明爱好是什么 (如 My hobby is painting. 我的爱好是绘画。); I like doing... 和 I enjoy doing... 后接动词-ing 形式, 表达“喜欢做某事”, 两者含义相近, enjoy 语气稍强 (如 I like playing football. 我喜欢踢足球。I enjoy listening to music. 我喜欢听音乐。)。注意 doing 形式的正确变化, 如动词原形末尾加-ing、去 e 加-ing 等。更多例句: I enjoy reading books in the library. (我喜欢在图书馆读书。); She likes dancing very much. (她非常喜欢跳舞。); They enjoy watching movies together. (他们喜欢一起看电影。)

3. 名词所有格 (father's car, Lily's hobby): 名词所有格用于表示人或事物之间的所属关系, 意为“……的”。(1) 单数名词后直接加's (如 my father's car 我爸爸的车、Lily's hobby 莉莉的爱好、Tom's book 汤姆的书); (2) 以 s 结尾的复数名词后只加' (如 my parents' house 我父母的房子、the teachers' office 老师们的办公室); (3) 不以 s 结尾的复数名词

后加's(如 children's books 儿童读物、men's room 男厕所、women's clothes 女装)。名词所有格常用于描述家庭成员之间的关系或所属物品。例句:This is my sister's bedroom. (这是我妹妹的卧室。)My grandfather's hobby is collecting stamps. (我爷爷的爱好是集邮。)Children's Day is in June. (儿童节在六月。)

情景对话(运用本单元单词)

A: Hi, Tom! What are you doing in the living room? I see many colorful pictures on the table. Are they yours?

B: Hi, Sarah! Yes, they are my new paintings. Drawing is my hobby. I started to draw when I was five years old. My grandfather taught me how to draw animals and flowers. He is really good at painting.

A: Wow, your paintings are so beautiful! You're really talented. My hobby is different from yours—I like collecting stamps. I have more than 200 stamps from different countries. My uncle often sends me stamps when he travels abroad.

B: That's interesting! My little brother likes playing chess with my father. They play chess together every weekend. My father says it helps my brother think better and learn to be patient.

A: That sounds nice! In my family, we often cook together on Sundays. My mother teaches my sister and me how to make delicious food. My sister enjoys dancing, so she often dances in the living room while we cook. It's so much fun!

B: Your family sounds very happy and warm! I love my family too. My grandmother often tells us stories in the evening, and we listen to her stories together. Sometimes my cousin visits us, and we play basketball or sing songs in the garden.

A: Family time is really special. My aunt and uncle often visit us too. We have a big family dinner and share our stories and happiness. I think it's important to care for our family members and spend time together.

B: I agree! Family is the most important thing in our life. We should love and help each other. By the way, do you want to come to my house this weekend? We can share our hobbies and play together.

A: That's a great idea! I'd love to. I can bring my stamp collection to show you, and maybe you can teach me how to draw simple pictures.

B: Perfect! Let's ask our parents tonight. I'm sure they will say yes. See you this weekend!

核心语法

1. 可数名词与不可数名词: 本单元涉及大量食物类名词, 需明确区分可数名词与不可数名词。可数名词有单复数形式, 可以用 a/an 修饰, 可以用数字计数(如 an apple 一个苹果、two eggs 两个鸡蛋、three bananas 三根香蕉); 不可数名词没有复数形式, 不能用 a/an 或数字直接修饰, 需要借助量词表达数量(如 a piece of bread 一片面包、a glass of milk 一杯牛奶、a bowl of rice 一碗米饭)。常见的不可数名词有: food, water, milk, juice, tea, coffee, rice, bread, meat, soup 等。例句: I eat an apple every day. (我每天吃一个苹果。) I drink two glasses of water every morning. (我每天早上喝两杯水。)
2. “Would like”句型表达意愿: Would like 用于礼貌地表达想要某物或想要做某事, 比 want 更委婉客气。Would like sth. 表示“想要某物”(如 I would like some milk. 我想要一些牛奶。); Would like to do sth. 表示“想要做某事”(如 I would like to have dinner with you. 我想和你一起吃晚餐。)。在餐厅点餐场景中, 常用 Would like 询问对方需求(如 What would you like to eat? 你想吃什么? What would you like to drink? 你想喝什么?)。注意 Would like 的简略回答用 I'd like...

(I would like 的缩写)。

3. some 与 any 的用法 (★★★小学必考): some 和 any 都表示“一些”，但使用场景不同。

【核心规则】

用法	some	any
-----	-----	-----
肯定句	☒ 用于肯定句 ☒ 不用	
否定句	☒ 不用 ☒ 用于否定句	
疑问句	☒ 表示请求/建议/邀请 ☒ 表示询问	

【详细说明】

(1) some 用于肯定句:

- I want some water. (我想要一些水。)
- There are some apples on the table. (桌上有一些苹果。)
- We have some new books. (我们有一些新书。)

(2) any 用于否定句:

- I don't want any juice. (我不想要果汁。)
- There aren't any vegetables in the fridge. (冰箱里没有蔬菜。)
- She doesn't have any friends here. (她在这里没有朋友。)

(3) any 用于一般疑问句 (表示询问):

- Are there any vegetables in the fridge? (冰箱里有蔬菜吗?)
- Do you have any books? (你有书吗?)
- Is there any milk left? (还有牛奶吗?)

(4) some 用于特殊疑问句 (表示请求、建议、邀请):

- Would you like some tea? (你想要些茶吗? ——邀请)
- Could I have some bread? (我能要些面包吗? ——请求)
- Can I have some water? (我能要些水吗? ——请求)

【典型例句对比】

- ☒ I have some books. (我有书。——肯定句用 some)
- ☒ I don't have any books. (我没有书。——否定句用 any)
- ☒ Do you have any books? (你有书吗? ——一般疑问句用 any)
- ☒ Would you like some books? (你想要些书吗? ——表示邀请用 some)

⚠ 特别提醒: 在表示请求、建议或邀请的疑问句中, 用 some 表示希望得到肯定回答!

She is going to buy a new coat for winter. (她打算买一件新外套过冬。)
场景区分对比:①临时决定用 will(如 A: I'm hungry. B: I will make some sandwiches.);②事先计划用 be going to(如 I'm going to travel to Beijing next month.);③客观天气预测用 will(如 It will be sunny tomorrow.);④视觉迹象推测用 be going to(如 Look at the dark clouds! It's going to rain.)
2. 形容词描述天气(★★★小学必考):英语中常用形容词直接描述天气状况,如 sunny(晴朗的)、cloudy(多云的)、rainy(下雨的)、windy(有风的)、snowy(下雪的)等。

We often go swimming in summer. (夏天我们经常去游泳。)

Birds fly south in autumn. (秋天鸟儿南飞。)

A: Autumn is really beautiful! But I don't like winter. It's too cold and snowy. I have to wear a thick coat, a warm sweater, a scarf and gloves every day. It's not comfortable at all.

B: I like winter! We can play with snow and make snowmen. It's really fun! My friends and I often go skating on the ice lake near my house. What do you usually do in winter?

A: I usually stay at home in winter because it's too cold outside. But I like summer very much. The weather is hot and sunny. I can wear shorts and T-shirts, go swimming in the pool, and eat ice cream. It's my favorite time for outdoor activities.

B: Summer is great! I also like summer holiday. I often go to the beach with my family. We swim in the sea, play beach volleyball, and have picnics on the beach. The sunshine is warm and the sea breeze is cool.

A: That sounds wonderful! What do you usually do on rainy days? I don't like rainy weather because I can't play outside. I have to stay at home and read books or watch TV.

B: I don't mind rainy days. I usually take an umbrella and go to the library. I like reading books on rainy days—it's very relaxing. Sometimes I listen to music or help my mother cook at home.

A: By the way, what will the weather be like tomorrow? I heard the weather report on TV this morning. They said it's going to be sunny and warm. The temperature will be about 20 degrees.

B: That's great news! It's perfect weather for outdoor activities. What are you going to do tomorrow? Do you want to go to the park together? We can fly kites or have a picnic.

A: Good idea! I'm going to fly my new kite. My father bought it for me last week. It's a beautiful butterfly kite. We can also play football or ride bikes in the park.

2. 情态动词 can 表示能力或许可:情态动词 can 表示“能、会、可以”,后接动词原形,无人称和数的变化。(1)表示能力时,意为“会、能”(如 I can swim. 我会游泳。She can speak English. 她会讲英语。);(2)表示许可时,意为“可以”(如 Can I help you? 我能帮你吗?——购物万能句,店员常用语;You can try it on. 你可以试穿一下。);(3)表示请求许可(如 Can I go out? 我能出去吗?)。否定形式为 cannot 或 can't,意为“不能、不会、不可以”(如 I can't ride a bike. 我不会骑自行车。You can't park here. 你不能在这里停车。)。疑问句将 can 提前(如 Can you help me? 你能帮我吗?)。购物常用句:Can I help you?(我能帮你吗?/你需要帮助吗?)——店员主动询问顾客,回答可用 Yes, please. 或 No, thanks.

3. 形容词比较级在购物场景中的应用:在购物场景中,常用形容词比较级比较商品的价格、质量等。如 This one is cheaper than that one. (这个比那个便宜。);This dress is more beautiful than that one. (这条连衣裙比那条更漂亮。);The quality of this shirt is better. 情景对话(运用本单元单词)

A: Good afternoon! Can I help you? What are you looking for today? We have many new clothes on sale this week.
B: Good afternoon! Yes, please. I'm looking for a birthday gift for my mother. Her birthday is next Sunday. I want to buy her a beautiful dress. Can you show me some dresses?
A: Of course! We have many beautiful dresses in different colours and sizes. What colour does your mother like? And what size does she usually wear?
B: She likes blue and white very much. She usually wears medium size. I think she will look beautiful in a blue dress.
A: Great! Here are some blue dresses in medium size. This one is very popular—it's made of silk and the design is elegant. The dress was designed by a famous designer. The price is 280 yuan. That one is also beautiful, and it's made of cotton—it's cheaper, only 180 yuan. Which one do you prefer?
B: They are both beautiful! I think the first one is more beautiful and the quality looks better. Can I try it on? I want to see how it fits. My mother and I are about the same size.
A: Sure! The fitting room is over there. You can try it on. I think it will fit you perfectly. The dress also matches well with different shoes and bags.
B: Thank you! (After trying on) It fits me perfectly! I think my mother will love it. It's really beautiful and elegant. How much is it? Is there any discount today?
A: The dress is 280 yuan. We have a 20% discount today, so you only need to pay 224 yuan. It's a very good price for such a beautiful dress. We also have some nice bags and shoes that match well with this dress. Would you like to see them?
B: That's a great discount! I'll take this dress. Yes, I'd like to see some bags too. I want to buy a matching bag for my mother as well. She needs a new bag for work.
A: Here are some bags in different styles. This blue bag matches perfectly with the dress. It's made of good leather and it's very practical. The price is 150 yuan, but with today's discount, it's only 120 yuan.
B: The bag is really nice! I'll take it too. So the total is 224 yuan for the dress and 120 yuan for the bag. That's 344 yuan in total. Here's the money—400 yuan.
A: Thank you! Here's your change—56 yuan. And here's your receipt. Please keep it. If there's any problem, you can come back with the receipt. I hope your mother likes the gifts!
B: Thank you very much! You're very helpful. I'm sure my mother will be very happy with these gifts. Have a nice day!

情景对话(运用本单元单词)

A: Hi, Mike! Where did you go yesterday? I called you but you weren't at home. Your mother said you went out early in the morning.

B: Hi, Sarah! I went to the zoo with my family yesterday. We had a wonderful time! I saw many different kinds

of animals—elephants, lions, tigers, monkeys, pandas, giraffes and many others. It was really exciting!

A: Wow, that sounds amazing! I love animals very much. What animals did you like best? I know you really want to see pandas. They are so cute and lovely.

B: Yes, pandas are my favorite animals! They are black and white, and they look so cute when they eat bamboo. I also liked the monkeys very much. They are so clever and funny. They jumped from tree to tree and made funny faces. The visitors all laughed.

A: Monkeys are really clever! I like giraffes best. They are the tallest animals in the zoo. Their long necks help them eat leaves from tall trees. I think they are beautiful and elegant. Did you see any giraffes yesterday?

B: Yes, we saw three giraffes. They were eating leaves from the trees. They looked so tall and beautiful! We also saw some lions and tigers. They are dangerous animals, so they were in strong cages. The lions were sleeping when we saw them, but the tigers were walking around.

A: Lions and tigers are really dangerous, but they are also beautiful and strong. I want to see them too. Did you go to see the birds? I heard there are many beautiful birds in the zoo, like parrots and peacocks.

B: Yes, we went to the bird area. There were many colorful birds—parrots, peacocks, swans and many others. The peacocks showed their beautiful tail feathers. It was like a beautiful fan. The parrots can even say some simple words!

A: That's so interesting! I really want to go to the zoo. Can we go together next weekend? I want to see all these beautiful animals. We can take photos and learn more about them. By the way, have you ever seen a real panda before? I have never seen one in real life, only in pictures and videos.

B: Good idea! My parents said we can go again. I also want to see the elephants and feed some gentle animals like sheep and rabbits. There's a special area where visitors can feed and touch some animals. Yes, I have seen pandas twice. The first time was when I was five years old. Pandas have been protected by our country for many years because they are very precious.

A: That sounds wonderful! I love feeding animals. I have a pet rabbit at home. It's white and very cute. I feed it carrots and vegetables every day. It's my good friend.

B: You have a rabbit? That's nice! I have a pet dog. Its name is Lucky. It's very clever and friendly. I walk it every evening after school. Pets are really good friends. We should love and take care of them.

A: I agree! Animals are our friends. We should protect wild animals and take good care of our pets. Let's go to the zoo next weekend and learn more about animals!

情景对话(运用本单元单词)

A: Hi, Tom! You don't look well today. What's the matter with you? Your face looks pale and you seem very tired.

B: Hi, Lucy! I don't feel well today. I have a bad headache and a slight fever. I think I caught a cold yesterday when I played football in the rain. I didn't wear enough warm clothes.

A: Oh, I'm sorry to hear that. You should go to see a doctor and take some medicine. Have you taken your temperature? What's your temperature?

B: Yes, I took my temperature this morning. It's 38.5 degrees. My mother is worried about me. She said she will take me to the hospital this afternoon to see the doctor. I also have a sore throat and a bad cough.

A: That sounds serious. You need to rest and drink a lot of water. The doctor will give you some medicine. You should stay in bed and keep warm. Don't go to school today.

B: Thank you for your advice. My mother already called my teacher. I will stay at home and rest today. I hope I can get better soon because we have a sports meeting next week. I want to take part in the running race.

A: Don't worry. If you rest well and take the medicine, you will get better soon. Health is the most important thing. You should take good care of your body. Do you often exercise to keep healthy?

B: Yes, I exercise every day. I usually run in the morning and play basketball with my friends after school. I think exercise helps me stay strong and healthy. But sometimes I don't get enough sleep because I have a lot of homework. I often feel tired.

A: You need to have enough sleep too. Sleep is very important for our health. We should sleep at least 8 hours every night. I also exercise every day—I swim and do morning exercises. I always wash my hands before meals and brush my teeth twice a day. These habits help me stay healthy.

B: You're right. Good habits are very important. My mother always tells me to eat healthy food, exercise regularly, and get enough sleep. She also says I should wash my hands often to prevent illness. I will try to develop better habits.

A: That's good! By the way, what sports do you like best? I know you are good at running. Do you like other sports too?

B: I like running best, but I also like swimming and playing basketball. Swimming is good for our whole body—it exercises our arms, legs, and heart. Basketball is fun and it helps me make many friends. What about you? What's your favorite sport?

A: I like swimming very much. I go swimming twice a week. It makes me feel relaxed and happy. I also like doing yoga—it helps me stay flexible and calm. Exercise is not only good for our body, but also good for our mind.

B: I agree! Exercise makes us healthy and happy. Let's exercise together when I get better. We can go swimming or play basketball together. I hope I can recover soon!

A: Sure! I hope you get well soon. Take care of yourself and follow the doctor's advice. I'll visit you this weekend and bring you some fruit. Fruit is good for your health when you're sick.

B: Thank you so much! You're really a good friend. I appreciate your help and care. See you this weekend!

情景对话(运用本单元单词)

A: Hi, Xiaoming! What are you drawing? Your picture looks very beautiful and colourful. I like the bright colours very much.

B: Hi, Xiaohong! I'm drawing a picture of my garden. Look, I drew a big tree with green leaves and brown trunk. Under the tree, there are many colourful flowers—red roses, yellow sunflowers, pink tulips and purple lavender. They are all very beautiful.

A: Wow, your picture is really wonderful! The colours are so bright and vivid. I like the red roses best. Red is my favourite colour. What's your favourite colour?

B: My favourite colour is blue. I like the blue sky and the blue sea. In my picture, I also drew a small pond with blue water. There are some white ducks swimming in the pond. White is also a beautiful colour—it's pure and clean.

A: That sounds lovely! What shapes did you draw in your picture? I see many different shapes. The tree looks like a big triangle, and the sun is a big yellow circle.

B: Yes, I used many different shapes. The sun is a big yellow circle with bright light. The clouds are white ovals in the blue sky. The flowers have round petals. The tree trunk is a long brown rectangle, and the leaves are small green ovals. Shapes are very useful in drawing.

A: You're really good at drawing! I like drawing too, but I'm not as good as you. What do you usually use to draw and colour? Do you use crayons or coloured pencils?

B: I use coloured pencils to draw and colour. They have many beautiful colours—red, blue, yellow, green, orange, purple, pink, brown, black and grey. I also have a set of crayons with 24 different colours. They are very useful for colouring big areas.

A: That's great! I have a set of markers. They have bright colours, but sometimes the colours are too dark. I prefer light colours like light blue and light green. They look soft and comfortable.

B: I like both bright colours and light colours. Bright colours are vivid and eye-catching, while light colours are soft and elegant. By the way, what shape is your favourite? I like circles best because they are round and perfect.

A: I like stars best. Five-pointed stars are beautiful and special. I often draw yellow stars in my pictures. They look like real stars in the night sky. I also like hearts. Red hearts symbolize love and warmth.

B: Stars and hearts are both beautiful shapes! Different shapes can make our pictures more interesting and creative. Let's draw pictures together this weekend. We can share our coloured pencils and crayons, and learn from each other.

A: Good idea! I'd love to draw with you. We can also go to the park and draw the beautiful flowers and trees there. Nature has so many beautiful colours and shapes. It's the best teacher for art.

B: Perfect! Let's meet at the park this Saturday morning at 9 o'clock. We can bring our drawing tools and spend a wonderful morning drawing together. I'm really looking forward to it!
